IGORA from Schwarzkopf Professional has become synonymous with superior hair color and is the only range with a true fashion edge. Comprising premium quality products for every type of salon treatment, IGORA brings you highly individual hair color in a fascinating range of shades. There is also a range of inspiring services so that whatever your color requirement, IGORA makes it really easy to choose a look that is right for you.

With IGORA, your hair does not just look fabulous, it also looks completely up to the minute. Top quality products, combined with seasonal color trends, ensure your look keeps pace with fashion. Twice a year, new looks are uncovered and a Trend Collection is produced comprising hot shades and innovative new coloring techniques. This is brought to you via a multi-sensual shade chart with evocative textures, colors and aromas. IGORA then provides you with a unique color diagnosis and consultation method making it even easier to choose a shade that is right for you.

IGORA Color - a total spectrum of color

The IGORA product range is divided into the following categories:

- **Bleach – IGORA Vario Blond**
Bleaching products are the most powerful products when a hairdresser wants to satisfy the high expectations that blonde clients demand. They work by carefully depigmentating the hair, to produce permanent results.
- **Permanent color – IGORA Royal**
This range of colors cover up to 100% white hair and lasts permanently.
- **Permanent color - IGORA Royal Absolutes**
IGORA Royal Absolutes delivers 100% white coverage without having to mix with a natural shade. Containing Biotin-S Anti-Age Technology, these 11 high fashion shades offer complex strengthening through Biotin and Silica that refills gaps in the hair structure.
- **Permanent color - IGORA COLOR10**
The 1st professional permanent color in just 10 minutes. Revolutionary.
- **Temporary color – IGORA Color Gloss**
Temporary color gloss helps tone and maintain color between salon visits.
